CLINTON, Nov. 9, 1870.

Messrs. Rule & Risks:

The following is an exact transcript from the official returns (so far as received) of yesterday's election in this county. The vote polled was unusually small, the county not voting half its strength. There are three Districts yet to hear from, but cannot very materially change the result—one District voting Republican, and the other two slightly Conservative. The Republican ticket has unquestionably a small majority.

Brown, 200; Wisener, 288; Blizard, 249; Maynard, 203; Palmer, 244; Gibson, 295; Keeney, 185; McNew, 280.

The immense majority claimed for Blizard, by his over-sanguine friends, turns out a Maynard majority. The friends of Hon. W. D. Keeney, Conservative candidate for Floater, concede his defeat.

Respectfully, W. T. DOWELL.
Anderson gives Maynard 32 majority. Keeney, Democrat, carries the county by 62 majority, though McNew, Republican, carries Campbell and is elected by more than 100 majority.

WASHINGTON.

LATEST ELECTION RETURNS.

ALABAMA BOUTBOUT—Hines of Gen. Lewis. WASHINGTON, November 12.—Returns of the Congressional elections show the following Democratic gains and losses:

In Alabama, they gain 2; in Arkansas, they gain 1; in Florida, they gain 1; in Illinois, they gain 3; in Indiana, they gain 1; in Louisiana, they gain 2; in Michigan, they gain 1; in Missouri, they gain 4; in New Jersey, they lose 1; in New York, they gain 4; in North Carolina, they gain 2; in Pennsylvania, they gain 5; in South Carolina, they lose 2; in Tennessee, they gain 6; in Virginia, they lose 1; in West Virginia, they gain 2; in Wisconsin, they gain 1. Total gain, 30—loss, 4.

The remaining states to hold elections have in the present Congress 13 Democrats and 8 Republicans.

A dispatch to the War Department says Alabama is doubtful, but probably carried by the Democrats.

WASHINGTON, Nov. 9.—The Conservatives carried the Richmond municipal election by a small majority. The election was very quiet.

Hoffman's majority in New York city is 50,000. The Tribune gives him 30,000 in the State.

A private dispatch from Jacksonville, Florida, shows a decreased Republican majority.

Michigan has gone Republican by 25,000 majority. Sutherland is elected to Congress in the 5th district.

In the 14th New York district, Perry (Democrat) is elected.

The Republican majority in Illinois is about 20,000. The Congressional delegation is probably the same as last year. The 10th and 12th districts are claimed by both parties.

Merriek is elected from Maryland, although the Republicans still claim the 1st and 5th districts. The probabilities favor a clean Democratic Congressional delegation from Maryland.

Kentucky gives a clean Democratic delegation, with majorities somewhat reduced.

The Legislature of New Jersey and four Congressmen are claimed by the Republicans.

Nothing definite has been received from Arkansas. Conflicts between the Federal and State authorities are reported at several points.

It rained in Missouri during the afternoon. Brown is vastly ahead, as far as heard from.

The 30th New York district goes Democratic—a gain.

The 4th New York district elects McMahon (Young Democrat). The 8th elects Brooks (Tammany Democrat). In the 9th, Cox beats Greeley 1,000 votes.

In the 1st Missouri district Wells is re-elected by 1,000 majority. In the 2d, Finklenburg (Liberal Republican) is re-elected. In the 3d, McCormick (Democrat) is re-elected.

The Republicans made heavy gains in Kansas.

New Jersey elects a Democrat in the 2d district, making a Democratic loss of one. A close calculation gives the Democrats in yesterday's election, and those already elected, a gain of 25. The Democrats in the House will stand 92 in the next House against 67 in the present House. This list includes no hermaphrodites.

The 2d New Jersey district elects Foraker, by 370 majority. The Republicans have a majority on joint ballot, securing the Federal Senator.

The 4th New York district elects Roosevelt, instead of McMahon, as before reported.

The 7th Virginia elects Braxton, by 1,500 majority.

The 6th Michigan elects Sutherland, by over 800.

The 1st Arkansas elects Hawks, and the 3d, Edwards. In the 2d, Rogers is probably elected.

The Democrats claim heavy gains in Tennessee.

The 7th Tennessee district elects Caldwell.

In the 1st Missouri, Wells' re-election is claimed by 1,500.

WASHINGTON, Nov. 9.—The Fourth Illinois District is claimed by Cable, Democrat. In the Second Illinois District the temperance candidate runs Farnsworth closely, and will probably beat him.

The Second Minnesota District elected Averell by 3,000 majority.

The Sixth Virginia District elects Harris.

MONTGOMERY, Nov. 9.—The returns come in meagre, but it is believed that the Democrats have carried the State and elected three members of Congress without doubt.

New York, Nov. 10.—Nevada elects a Democratic Governor; the balance all Republican, including Congressmen.

Both sides claim the New York Legislature.

The Republicans have carried Michigan by 20,000 majority. On joint ballot securing the Senator.

The citizens of Clarendon, Arkansas, fired one hundred guns over Houk's 2,000 majority.

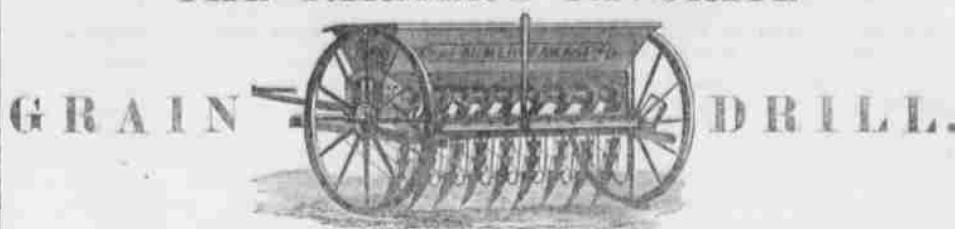

Butler and Maynard go to Congress from Tennessee.

The Republicans claim the 3d District in Kentucky.

Massachusetts majority in Missouri is thirty thousand.

Alabama certainly elects three Democratic Congressmen, probably four.

The Only Perfect Grain Drill in the World!!

Certain in Distribution, accurate in Measurement of Seed used, and possessing more facilities and conveniences for adjustment to quantity, and practical operations in the field, than any other Drill manufactured.

The Only Grain Drill Having a Double Set of Distributors.

Which, without adding any weight, gives the Farmer two Drills in one. One seeding wheat, rye or buckwheat in large or small quantities, the other seeding oats, barley, corn, peas and other coarse grain with equal accuracy without clogging, skipping or breaking of seed. The only Drill which throws out of gear by the automatic action of the Tube Lifter, and covers all the seed distributed. Has

The Only Really Practical, Durable Spring Tube in the Market

"IT HAS THE BEST FERTILIZING ATTACHMENT IN USE."

And which for years has held the first position in all localities where guano, bone dust, lime and super-phosphate are used. Sows all these fine fertilizers, as well as sales, plaster, and soil perfectly. Whether it be dry or damp, it puts the fertilizer used in the drill with the grain, thus giving it the entire and immediate benefit of the fertilizer used. By a recent improvement, we put the under the immediate control of the operator, enabling him to use his fertilizer on the barren portions of his field, and to land it upon the fertile parts. The GUANO ATTACHMENT must be ordered with the Drill, if desired, as it cannot afterwards be attached.

Metal or Rubber Grain Funnel, as desired. Double Reversible Steel Points on Tubes. Broad Faced Wheels and Wrought Iron Axles.

Acknowledging in the decline of prices of grain, and the consequent financial matters among our patrons, the justice of their claim for a corresponding reduction in the price of their implements, we have determined to reduce the price of grain drills to the old standard price. We put ourselves of this "golden opportunity" to secure one of these most useful labor-saving implements at old prices, while labor still ranges at a war standard. We have established the following prices for Drills, delivered on board boat or cars at Baltimore:

4 Tube Grain Drill, with Guano Attachment, \$120.00
8 Tube Grain Drill, with Guano Attachment, \$150.00
12 Tube Grain Drill, with Guano Attachment, \$180.00

Our 8 and 12 Tube Drills all have the tubes 5 inches apart. Tubes put in a line of six, as desired for the purchaser, without any extra charges.

Guano Drills warranted in material and manufacture, as well as in price.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
